

中山市威硕机械制造有限公司
Zhongshan Vessels Manufacture Co., Ltd.

公司介绍

Company profile

压力容器与 复杂工艺设备

Large-scale equipment.
Demanding fabrication.

专注高端制造 · 大型反应设备、换热器与塔器

High-specification reactors, heat exchangers and columns.

中山市威硕机械制造有限公司 · 创立于2006年

Zhongshan Vessels Manufacture Co., Ltd. · Established 2006

www.vessels.net.cn

大型与复杂设备制造

Fabrication for demanding process applications

200 m³ 酯化反应器

200 m³ esterification reactor

大型筒体、封头与结构件组装。
成型、组对及焊接工序协同组织。

Large shells, heads and structural components.
Coordinated forming, fit-up and welding.

DN2500 换热器

DN2500 heat exchanger

管板、管束与壳体协同制造。
重视部件配合、连接质量与整体装配。

Coordinated tubesheet, tube-bundle and shell
fabrication, with attention to fit and joint quality.

大型塔器

Large process columns

长筒体与分段组装。
制造检验、发运与项目交付有序衔接。

Long-shell and sectional assembly, coordinated with
inspection, shipment and project delivery.

图示为已制造设备；具体设计条件以项目文件为准。 / Specific design conditions are defined by project documents.

中山市威硕机械制造有限公司
Zhongshan Vessels Manufacture Co.,Ltd.

制造能力 落实于每一道工序

Controlled fabrication,
from forming to inspection.

材料与表面保护

材料标识与表面保护贯穿现场加工。

Material identification and surface protection throughout fabrication.

成型与焊接

按项目文件组织成型、组对及焊接。

Forming, fit-up and welding follow project technical documents.

检验与质量控制

依据适用标准开展检验与交付验收。

Inspection and delivery acceptance follow applicable codes and project requirements.

洁净化车间 支撑专业制造

Clean fabrication workshops.
A controlled production environment.

2026年，公司完成全面升级，配置洁净化车间，更新生产设备。以6S管理组织生产现场，落实工位分区、材料管理与工序衔接。

In 2026, the company completed a comprehensive upgrade, introducing clean fabrication workshops, renewing production equipment and adopting 6S workplace management. Defined workstations, material management and fabrication processes support organised production.

资质与质量管理

Qualifications & quality management

D级压力容器制造许可

Class D pressure vessel licence

ASME U 授权

ASME U
authorization

NB 注册授权

National Board registration

ISO 9001 质量体系

ISO 9001 quality management system
